

## A grammar quiz – Teacher's notes

**Level:** Elementary (equivalent to CEF level A1)

**Aim:** Students revise the grammar from Unit 6 by doing an interactive quiz.

**Language focus:** Grammar: adverbs of manner and past simple irregular verbs.

**Preparation:** Make one copy for each pair, fold along the dotted line as indicated.

**Procedure:**

1. Put the students in pairs and tell them they are going to do a quiz.
2. Hand out the worksheets and tell the students to work together and answer the questions on the left-hand side.
3. Set a time limit, i.e. 10 minutes. Monitor and give hints where necessary.
4. After the students have finished ask them to unfold the sheet.
5. Tell the students that they now have the answers, but that they are not in the correct order.
6. The students should now match the answers on the right to the questions on the left and compare the answers to the ones they have given (this technique allows the students to check their answers themselves).
7. Monitor and help where necessary.
8. Check any answers that need clarifying.

**Note:** For some of the questions you might want to extend the answers, i.e. *If goed isn't the correct past tense form of go, what is?*

**Optional follow-up activity:**

Ask the students to work in pairs and write five quiz questions of their own. Put the pairs in groups of 4 and get them to exchange their quiz questions and try to answer the other pair's quiz.
