

## What kind of person are you? – Teacher's Notes

**Level:** Upper Intermediate

**Aim:** Students work with a partner and ask each other ten multiple choice questions. They then look at the answers and work out what kind of person their partner is.

**Language focus:** Adjectives of personality and vocabulary connected to phobias and fears.

**Preparation:** Make one copy of the questionnaire for each student.

**Procedure:**

- 1 Tell your students they are going to do a questionnaire to find out what kind of person they are.
- 2 Put students in pairs and tell them you want them to work together and ask each other the questions.
- 3 Hand out the questionnaire and get the students to ask each other the questions.
- 4 Monitor and help where necessary.
- 5 When they have finished get them to add up the score for their partner.
- 6 Get the students to discuss the score / result with their partner. Do they agree? Why (not)?
- 7 Finally, ask a few students to report back to the class on the results of the questionnaire for them.

**Optional follow-up activity**

Ask the students to write advice to their partner about how they could become more confident or more modest.
