

## Can you hide it?

all-time low	all-consuming	cold-calling
community-minded	like-minded	completely gullible
on the rampage	have egg on your face	and stuff like that
you know	bits and pieces	black and white
pick and choose	here and now	long and hard
short and sweet	tried and tested	sick and tired
forgive and forget	set priorities	give somebody a piece of your mind
deceive yourself	give somebody the benefit of the doubt	give a damn
do a good deed	set somebody apart	have money to burn
live hand to mouth	live in the lap of luxury	be on the breadline
get your own back	fall for something	play somebody at their own game
want for nothing	be on the trail of	make off with
